Dear Girl Scouts, Volunteers, and Alums,

Welcome to our Fall 2019 Back-to-Troop Catalog!

We are kicking off a brand new troop season and this is a great opportunity to stock up on a wide selection of exciting and iconic Girl Scout merchandise. This year, we have even more catalog offerings that reflect our girl-only, girl-led, research-backed leadership experience, including innovative new badges for girls in STEM and the Outdoors—specifically Cybersecurity, Space Science, Coding for Good, and Outdoor High Adventure.

At Girl Scouts, we know that girls are the future, and we have been filling the pipeline of female leaders for more than a century. That's because Girl Scouts works! Our research shows that, compared to women who weren't Girl Scouts in their youth, Girl Scout alums have more successful careers, enjoy higher household and personal income, are more active as mentors and community volunteers, vote more regularly, and are better educated. Our alums include top American business leaders, policy makers, diplomats, journalists, and entrepreneurs. Girl Scouts get things done!

In this year's catalog you'll find a broad array of products that invite you to "Step into the World of STEM." Your purchase of Girl Scout merchandise represents an investment in G.I.R.L.s (Go-Getters, Innovators, Risk-Takers, and Leaders)<sup>™</sup> as they build the skills and strengths that will enable them to be leaders in their lives and in the world.

Thank you for your ongoing support of the Girl Scout Movement and for your commitment to building the next generation of female leaders and entrepreneurs. Thanks to the dedication of supporters like you, girls across the country have access to the best leadership experience for girls in the world.

Yours in Girl Scouting,

Sylvia Acevedo  
Chief Executive Officer

# GIRL SCOUTS STEP INTO THE WORLD OF STEM

Girl Scouts of the USA and Raytheon, a global technology and innovation leader powered by more than 30,000 engineers, are collaborating to fuel the pipeline of female leaders in STEM. The women featured alongside the Girl Scouts in this catalog are leading Raytheon engineers (and former Girl Scouts!) who work every day to make the world a better and safer place. These catalog photos were taken at Raytheon in Andover, Massachusetts, where employees use cutting-edge innovations to design and manufacture advanced technologies. We appreciate the time, effort and support of everyone who helped make this collaboration a success.

# Girl Scout Size Chart

**Chest:** Bring tape around body under each arm and over your shoulder blades. Number of inches is your measurement.

**Waist:** Keeping one finger between the tape and your body, measure around the point where your pants waist normally rides. For wearing comfort, measure over shirt (not over pants).

**Hips:** Measure around the fullest part of seat while standing. Hold tape firmly, but not tight.

**Inseam:** Measure a pair of pants that fit you well from crotch seam to the bottom of pant leg. Measurement to the nearest 1/2" is your inseam length.

**Variations in sizing may occur. Some items may not conform to this chart.**

## CHECK APPAREL SIZES

Check the Size Chart before ordering to determine correct size.

## CUSTOMIZED UNIFORMS

Special sizes in uniforms can be custom ordered for a small additional cost. Contact our buying office at 212-852-8663 or email [GSMbuying@girlscouts.org](mailto:GSMbuying@girlscouts.org).

The "Girl Scouts" name, official Girl Scout Servicemark and "Trefoil Design" are just three of the many marks owned by Girl Scouts of the USA and are protected by law for use by GSUSA. All Girl Scout merchandise sold in the Official Girl Scout Catalog is also protected.
