Dear Camper and Family,

We are so excited that you have chosen Jockey Hollow and/or Lake Rickabear Day Camp this summer! We hope the experience will bring your camper back year after year.

The Jockey Hollow and Lake Rickabear Day Camp experiences will provide daily opportunities to build girls of courage, confidence, and character, who make the world a better place. Girls will develop awareness for the natural environment and increase their outdoor and social skills by participating in hikes, athletics, nature, and team-building activities. Through “girl planned” activities, your camper will develop leadership skills and increase her independence.

Enclosed is information you will find helpful for your camp preparation. We request that you and your family follow the guidelines laid out in this guide to keep everyone at camp healthy. Please take time to read this booklet thoroughly with your camper and feel free to contact us with any additional questions.

We look forward to sharing all the fun and excitement that Jockey Hollow and Lake Rickabear Day Camps have to offer!

Sincerely,

Dara Garcia

COVID FAQs

Is there anything I need to do before camp starts, in relation to COVID protocols?

We're all in this together! With everyone's help, we can keep our campers and staff healthy and have a fun and safe summer. We ask that you monitor your camper's symptoms. If you notice that your camper is developing signs of COVID-19 (fever, chills, fatigue, body aches, unusual headaches, loss of taste or smell, shortness of breath) we ask that you please keep your camper home and follow the CDC guidance

regarding testing and quarantining. We also ask that if your camper has been in close-contact with someone who has tested positive for COVID-19, that they complete the required quarantine as directed by the CDC (www.cdc.gov).

What are you doing to keep our campers and staff healthy at camp?

Hand washing will take place before and after meals, and extra washing/sanitizing stations will be available around the camp property. Busses will be sanitized with a 30-day application by the bus company 2 times throughout the summer. Bathrooms and buildings on camp property are cleaned and disinfected at least once daily.

What if my camper develops COVID-like symptoms while at camp?

Using guidance from the Health Department and CDC, our camp nurse and/or EMT will determine whether your camper can attend camp that day or camp session. Their determination is final. If your camper is sent home with COVID-like symptoms, please follow CDC guidelines in regards to testing and quarantining (www.cdc.gov).

Communications

Absent from Camp

If a camper is unable to attend camp any day you must call the camp. Call Jockey Hollow at 973-543-2156 or Lake Rickabear at 973-917-3343 between 8:00 a.m. and 9:30 a.m. and/or text a message on our CampSite texting service. You will receive that number before camp begins. It is essential that the camp be notified to assure the safety of all campers. If you notice that your camper has any signs of COVID-19 (fever, chills, fatigue, body aches, unusual headaches, loss of taste or smell, shortness of breath) we ask that you please keep your camper home and follow the CDC guidelines (www.cdc.gov).

Ill or Injured Camper

In the event a camper is injured or becomes ill while at camp, the Camp Director or Nurse/EMT will notify the parent by phone. If the parent/guardian is not available, the emergency contact will be notified. **Using guidance from the NJ Health Department and CDC, our Nurse/EMT and Camp Director will determine whether your camper can stay at camp or should be picked up that day or camp session.** Their determination is final. If your camper is sent home with COVID-like symptoms, please refer to the CDC for quarantining and testing guidelines (www.cdc.gov).

Camp Newsletter

You will receive a digital camp newsletter each week with helpful information such as which day she will visit the Trading Post, what badge she is working on, her counselors' names, and if she needs to bring any supplies for a special activity.

Camper Communication

We strongly discourage campers from making phone calls home except for illness or injury. Homesickness is kept at a minimum by keeping the campers busy all day. Cell phones for campers are not permitted.

Camp Life

Typical Schedule

Each unit's schedule is different every day. Rarely, weather or staff absences may prevent campers from participating in these activities.

Unit time are those activities that your camper's counselors come up with and vary from camp to camp. Examples of unit time at both camps are: box oven cooking/s'mores making, tie-dye, hiking, Gaga ball, and stream exploration. At Jockey Hollow your camper will also participate in a weekly cook-out and 9-square-in-the-air. At Lake Rickabear your camper will also participate in beach volleyball and mindfulness/wellness activities.

Arrival

Buses arrive at camp between 8:45 a.m. - 9:00 a.m. Each day begins at 9:00 a.m. with singing and an opening flag ceremony. Girls are greeted by their unit staff and depart as a unit for their day's activities immediately after the flag is raised.

Camp Photos and T-Shirts

Every camper will receive one free camp t-shirt. It should be worn every Monday that the camper attends a new session to be ready for her unit photo. You requested a t-shirt size at the time of registration, and we will do our best to give your camper her desired size. A free unit photo will be sent to you digitally at the end of each session.

Camp Activities

Each unit's schedule is different every day. All campers will participate in the following activities at least once during their session.

They are facilitated by a Program Specialist:

- Arts & Crafts
- Nature Exploration Program
- Low Ropes Challenge Course
- Pickleball (Lake Rickabear only)
- Archery (2nd grade and up)
- Zipline (4th grade and up)
- Hiking
- Basketball (Lake Rickabear only)

Swimming

Lifeguards will conduct a swim assessment for each camper on her first day of camp. She will be assigned to a swim level according to her ability to demonstrate strokes. Use of the American Red Cross system sometimes means a strong swimmer is placed in an intermediate group because she is not proficient in one or more strokes that are required for that level. Campers are moved to a higher level as they progress. If you would like your camper to be re-tested, please send a note with her to camp.

Campers will receive a swim cap that designates her swim level. Each camper will receive a swim cap that must be kept in her backpack for the entire session. Each session that the camper returns to camp, she will receive a new cap.

If you would like your camper to be excused from swimming, please send a note to the camp office. Girls who do not participate in swim lessons will not be permitted to participate in free swim.

Boating (*Lake Rickabear only*)

Campers going into grades 1-9 and not part of the CIT program, will participate in boating lessons. Older girls will learn canoe, kayak, and stand-up paddleboard skills while younger girls will use a rowboat or peddle boat.

Girl Scout Badges

Girls will work on Girl Scout badges with their units during the course of each session. A badge sheet will go home at the end of each session indicating the badge components that have been completed. If the sheet indicates the entire badge was completed, it can be brought to any GSNNJ council shop, and the badge can be purchased. Girls are welcome to complete any additional requirements on their own.

Special Interest Day

As a girl-driven organization, we encourage girl participation throughout the day camp experience. Special Interest Day, held each Wednesday, allows the girls to select an activity that interests them from a list of activities provided. It is a time at camp when they can interact with other campers outside of those in their unit. Some of the activities have limited space. If space is not available in her first choice, she is offered another choice.

Friday Fest Program

Our Friday Fest Program is held each Friday as a fun way to end the session. It gives the units a chance to participate in a program together. The activities are usually selected in connection with the session's theme.

Lunch

Campers bring a bagged lunch each day. Only pack foods that DO NOT require refrigeration as there is none available for lunches. Campers can bring fruit drinks or water (in non-glass containers) if desired. DO NOT send soda. Special eating procedures are in place for girls with food allergies.

A lunch program is available from Simply Gourmet, an independent food service company offering hot or cold, "kid-friendly," nutritious, nut-free meals delivered daily and individually packaged with the camper's name. Participate by going to www.simplygourmetlunches.com. Menus and prices will be available for ordering by mid-June 2023.

Trading Post

Your camper will have an opportunity to shop in the Trading Post (camp store) during the week. Cash or checks made payable to GSNNJ will be accepted. Please send money in a sealed envelope or Ziploc bag labeled with your daughter's name and marked "Trading Post" on the outside. Items sold include camp apparel, sit-upons, stuffed animals, bandanas, sunglasses, patches, and other novelty mementos. A complete price list will come home with your daughter on the first day of camp (price list does not include tax).

Junior and Teen Programs

Juniors (grades 4 and 5) and Teens (grades 6 through 9) may register for a Junior or Teen Program which partakes in its own theme for the week. Campers are in their own unit and follow a different schedule from our Summer Fun campers. They will participate in instructional and free swim but may not engage in all the same activities as our Summer Fun campers.

Counselor-in-Training (CIT I and CIT II) *

Jockey Hollow and Lake Rickabear Day Camps offer a Counselor-in-Training program for girls who are ready to step out of the camper role and begin their journey towards becoming a camp counselor. Through the Girl Scout Counselor-in-Training Program for girls in entering grades 9- 11, girls will *discover* their personal best and prepare for a positive future, *connect* with others in an increasingly diverse world, and *take action* to solve problems and improve their communities. Girls have told us that these opportunities matter very much to girls – both in their daily lives and as they prepare for their futures. And, with our unique focus on a “By Girls, For Girls” approach and cooperative and experiential learning, girls will continue to have fun, friendship, and exciting adventures.

CIT I campers are encouraged to volunteer for one or more weeks during the remainder of the camp season.

After completing the CIT II program, campers are invited to work as paid Junior Counselor staff the remainder of the camp season.

*CIT I is for campers entering grades 9 or 10.

*CIT II is for campers entering grades 10 or 11 and *must* have completed CIT I prior to registration.

If you are adding a session more than two weeks from that session, you can register in your camper's portal in CampSite if there is availability.
