Troop Fall Product Program Managers:

You are an integral part of the Fall Product Program. We appreciate all you do! The Tip of the Week newsletter is designed with you in mind. Providing you with timely information for a successful program. More information can be found at www.gsnnj.org

GO BRIGHT
Ahead
Fall Product Program

Go Bright Ahead!

Participating in this program means you are directly impacting the future of girls by:

- Facilitating the girl-led entrepreneurial program in the fall.
- Assisting Troops in earning funds to support their amazing girl-led adventures and service opportunities locally, nationally, and globally.
- Providing girls with the opportunity to share their skills to make the world a better place.

Your leadership will help girls to **Go Bright Ahead!** and help make their dreams come true.

Participation

In Person:

Girls can ask friends and family to support them and their troop by purchasing from a selection of 16 nut and chocolate items from the order card. Care to Share are available online or on the order card.

Online:

Girls set up their online storefront and share their site with friends and family. Customers can purchase magazines and/or nut and chocolate items to be delivered by the girl (order card items only) or have them direct shipped.

M2 Online System access

- **Troops:** An access email will be sent to a registered leader of each troop. Follow the link to access the M2 system. If this person is not the fall manager for the troop, they can add the correct person which will trigger an access email. Admin site is www.gsnutsandmags.com/admin
- **Girls:** All registered girls will be uploaded into the system and will receive a welcome email on October 1. The troop fall manager can also send a launch email to girls who have been added to the system OR girls can register at www.gsnutsandmags.com/gsnj.

Monk Seal Fast Facts

- **Scientific name**—*Monachus schauinslandi*
- **Size**—Monk seals can grow up to 7 feet long and can weigh as much as 600 lbs.
- **Fun Fact**—They can remain under water for up to 20 minutes.
